

Swagelok Tire Market Success Stories

A Lunch and Learn to Introduce Swagelok Local Capabilities to Your Plant.

Leakage in steam lines can lead to imperfections in tire shape due to insufficient pressure in the mold. You can trust Swagelok's high-quality

components and assemblies to help you reduce curing-related tire defect levels and minimize curing press downtime.

Join us for a lunch and learn to learn more about how Swagelok can support the tire market.

Agenda:

- Capabilities Overview
- Swagelok Success Stories in the Tire Market
 - Lube Oil Manifolds
 - Fabrication and Assemblies
 - Energy Management Programs
 - Product Focus: Hose and Valves
